In other words he was more of a Know Nothing, than a Democrat, and for this man Mr. Wrais voted, and the News and Adecrate endorse the vote. Here is the proof of Mr. AIKEN's K. Mr. Aiken, it will be seen, declares that he "is not hostile" to the Know-Nothing party: that he "does not belong to the Democratic or ganization," and that he is in favor of "a mateit descension of the naturalization laws!" Such are the sentiments which Mr. Wells, by his vote, and the New and Advocate, by their endorsement, must be supposed to favor. We should like to know what the German and Irish supporters of Mr. Wells and of the bogus Democracy, think of his vote for a man who sympathizes with the Know-Nothings, does not belong to the Dimogratio organization, and is "hostile to every interest of the North-west?"

For the nust uncessful operation of one machine, the yard should be one hundred feet wild, and ninety feet in length, adding from eightly to a hundred feet in width for every additional machine, but never increasing the length of yard. The king grounds should extend from the had of the yard, so that the bricks being hacked, can be conveyed to the kills theis on a parallel line with the yard.
